MEMORANDUM

SUBJECT: Item for the Carpet Section 21 Petition Docket

FROM: George Semeniuk
Chemical Control Division (TS-794)

TO: Doug Sellers
Public Data Branch
Information Management Division (TS-793)

I inadvertently omitted the attached document from submissions to the public record for the 1/90 section 21 petition regarding carpets. It was referenced in a report of a meeting I chaired with the Carpet and Rug Institute (ca. 2/90) and was received from the CRI sometime in 3/90.

Alan Carpien (OGC) me to go ahead and enter it in the docket. Sorry for the delay.
