

United States Senate
WASHINGTON, DC 20510 1802

September 27, 1991

Ms. Karen Stevens
The Environmental Network
P.O. Box 1155
Larkspur, California 94939

Dear Ms. Stevens:

Thank you for writing to express your concern about the Environmental Protection Agency's plan to limiting the accessibility and information obtained by the National Federation of Federal Employees to the public. I appreciated seeing copies of your letters to William K. Reilly, Administrator of the EPA.

I have written to the Environmental Protection Agency on your behalf and have asked them to respond to your questions. I will be back in touch with you as soon as I receive a response.

I understand your concerns that the Federation of Federal Employees should continue to make information available to the public regarding such issues as Multiple Chemical Sensitivity and Sick Carpet Syndrome, as well as many other environmental problems.

Again, thank you for contacting me. I hope you would be kind enough to convey my concern to the others who sent their petitions along with your letter.

With best regards,

Sincerely,

George Mitchell
George J. Mitchell

10/7/91

*Dear Bill -
I thought you
might feel encouraged
by this nice letter
I received from Senator
Mitchell. All
thank of you
often.*

*Sincerely,
Karen*

To: Hon. William K. Reilly, Administrator
U.S. Environmental Protection Agency

We are outraged that EPA is making it impossible for us to get information on Multiple Chemical Sensitivity (MCS), Sick Building Syndrome (SBS), toxic carpet syndrome, drinking water regulations, etc. from its professionals' Union. Cease your interference with the Union's efforts to make available to us, YOUR BOSSES, information that the Union has gathered during its representational work for EPA employees. Many of us have put to good use the information that your Union has given us so willingly. We have been able to protect ourselves from unnecessary chemical exposures. You should acknowledge that the work the Union has done in providing information to the public is in the public interest. Instead, you act like the Union is doing something wrong in making this information available!

IT IS YOU AND YOUR LABOR RELATIONS PEOPLE WHO ARE DOING WRONG!

Your interference is making it difficult or impossible for people to avoid being disabled by MCS and SBS. Your interference is making it difficult or impossible for people with MCS and SBS to be diagnosed, treated and compensated. Your interference is delaying "fixing" sick office buildings and homes. Stop your role in making life hard for us citizens. Stop harrassing the Union. Fire the people who have harassed the Union or set them to cleaning up the burning oil in Kuwait. Give the Union the official time it needs to be of service to us as well as to EPA employees.
